

Coding Club

Interest
meeting

Make sure you sign in ^

What is this?

connor.layson@newberry.edu

- Learn programming
- Meet more programmers
 - Comp. Sci majors
- (Friendly) competition
- Make cool shit
 - Even for the community

Possible Collaboration:

- BAM wants to work with Code Club to build a website that shows participating artist and graphic designers on campus' contact information and commission prices.
- This is to give students work experience and portfolio pieces, and encourages non-artistically inclined students to use real artist instead of generative AI.

Rules

1. Don't say slurs
2. Shower at least 24hrs. in advanced to club
3. Don't do hateful things in the name of the club

Events

1. Hackathon
2. Game Jams
3. Project pitches
